Red Cross Roll Call Workers Are Urged To Complete Canvas; Weather Conditions Hinder Work But Brighter Days Are Ahead For Canvas

Urgent need for completion of the Red Cross Roll Call canvas is second only to the national emergency, it was pointed out here today by Ray O'Neill, roll call chairman.

Weather conditions have hindered the canvas in the rural sections. Now that fair weather has returned Mr. O'Neill has called upon the community chairman to complete the work at once.

Mr. O'Neill realizes the difficulties and it is the plan to give each person an opportunity to enroll. Encouraging reports say that the membership this year may double the enrollment in 1939. It appeared one thousand might enroll in 1940. The need is great. The Red Cross

Roll Call is a part of the National Defense because the local needs will be greater. It should be kept in mind that the funds from the Roll call do not go to foreign countries. Much of this money is spent in Milam county. Not within recent years has the Annual Roll Call been more important than now.

With other counties reporting quotas reached and the canvas completed, Milam was urged to complete the work at once.

Mr. O'Neill was gratified to know that workers have responded so well over the county and is deeply grateful and fully appreciates the help that has been given him in this work.

Mary Hardin-Baylor Class Shows How to Feed 400 at 28c Each; Menu For Thanksgiving Dinner Should Give Housewives Grand Idea on Economy

Belton, Nov. 22—While platters of turkey probably looked large on most Texan's dinner tables Thursday, they probably didn't hold a candle to what 150 pounds of turkey looked like on Mary Hardin-Baylor college dining hall table Sunday when the students had their Thanksgiving dinner.

As a part of their practical training, members of the Institutional Management class at the college worked out a menu based on serving 400 people, the approximate number of students on the campus over the end.

The average housewife should be thankful that she doesn't have to worry with 800 pounds of food at a cost of \$112, including 56 pounds of dressing, 6 pounds of gravy, 120

pounds of potatoes, and "little extras" consisting of two crates of celery, two and one-half gallons of olives, and 10 pounds of nuts and mints. That's the amount the class figured necessary to serve the 400.

At an estimated cost of 28 cents per person, the menu includes apple cider cocktail, baked turkey, dressing, gravy, cranberry sauce, olives, celery, sweet potato swirls, buttered asparagus, congealed pear salad, hot rolls and butter, pumpkin pie with whipped cream, salted nuts, mints and coffee.

Members of the class, who are instructed by Miss Rowena Anderson, are Irene Burton, Crawford; Ruth Dorman, Newton; Martha Hall, Atlanta; Harriet Zimmerman, Giddings; and Mary Frances White, Cameron.

CAMERON WILL OBSERVE THANKSGIVING NOV. 28

Following long established custom the City of Cameron will observe Thanksgiving Day on Thursday November 28th, the fourth Thursday of the month.

In view of annual custom of observing Thursday a proclamation of the Mayor was not regarded as necessary. The governor has proclaimed two Thanksgiving dates.

All business houses in the city will be closed next Thursday. The schools will close for one day, it was announced and the Banks will be closed also. Only the Federal employees will be required to remain on duty.

When President Roosevelt proclaimed Thursday November 21st as Thanksgiving day all employees of the federal government took the holiday. Now they will not be permitted to observe November 28th.

Thanksgiving Day 1940 will be November 28th with the Herald plant.

Rainfall 2.94 In Past 24 Hours Here; Total For Week Is 3.31

Rainfall that reached almost cloudburst proportions is reported from many sections of central Texas and in Milam county as well.

In Cameron within the last 24 hours a total fall of 2.94 is reported by R. A. Tag, special observer. The total for the week is 3.31.

In the Jones Prairie Community the fall was excessive and in the Milano area and around Hearne a flood like downpour is reported.

There was little to indicate any change in the weather for the day and no cold reported.

PAUL F. JONES DIES IN JERSEY ACCIDENT

Paul F. Jones, 45, husband of the former Miss Cornelia Wallace of Cameron, was killed in a car wreck late Sunday when his car struck a football bus.

The accident occurred in New Jersey a short distance from Manhattan as he was on his way back to New York.

Mr. Jones had concluded a week end visit to their country home and was on his way back to their New York apartment when the crash occurred.

He was born in Salado, Texas, son of the late Dr. S. J. Jones. In 1921 he married Miss Cornelia Wallace of Cameron, daughter of Mr. and Mrs. E. A. Wallace and sister of Wm. C. Wallace, city attorney. Miss Wallace was in New York, a sculptress and student of art. They later spent some time in Paris.

Mr. Jones was author of the book "With Serbia in Exile," written prior to the world war. He was an aviator during the war and at the time of his death was Administrative Secretary of the Council for Foreign Affairs.

He is survived by his widow and two brothers, Dr. Edward Jones of New York City and Professor Richard F. Jones of Washington University.

Loss of Turkeys In Recent Freeze Is not Extensive

The effect the recent cold wave had on that portion of the turkey crop which had not been marketed is of considerable concern to marketing agencies, but considering the size of the 1940 crop for the country as a whole the percentage of loss is so small that it should not permanently affect the sales price. The loss the country over is estimated at 4 per cent. Even in these localities where losses were heavier there will be large surpluses for the marketing agencies to handle for dressing and shipping.

There was no death loss or damage to turkeys throughout the entire state of Oklahoma. The same is true of Texas.

The percentage is based on that portion of the crop which had not been marketed for the Thanksgiving trade. Therefore, in these areas where losses were heavier, there will not be as many turkeys to market for the Christmas trade. But even then there are plenty of turkeys in the country to supply all demands. It seems it would be an unfortunate situation if, on the basis of the reported losses, there would be a build-up of higher prices to consumers and then have consumption fall off.

G. D. McClaskey, Field Secretary, Kansas Poultry and Egg Shippers Association.

GREEN-KUHN

Miss Lorene Kuhn, daughter of Mr. and Mrs. Will Kuhn of Clarkson and Elo Green were married Wednesday evening, at the Burlington Catholic Church with Rev. T. F. O'Sullivan officiating. The bride's only attendant was a friend, Miss Florence Johns who wore a lovely burned topaz color dress. The bride was dressed in wine with dark accessories. Best man, William Green, cousin of the groom, wore a dark green suit and the groom wore a dark blue suit. A wedding supper was served to a few friends and relatives. The couple left immediately for Houston. Upon their return they will make their home at Cyclone where the groom is engaged in farming. He is the son of Mr. and Mrs. Will Green of Cyclone.

Mary Frances White, student of Mary Hardin-Baylor College, is spending the Thanksgiving holidays here.

Mrs. Guy T. Newton attended the Texas State Teachers Association convention in Fort Worth from Thursday, November 21st through Saturday, November 23rd.

Sarah Harlan of Branchville was a business visitor here Friday.

DUCE'S SOLDIERS TIRED OF WAR WITH GREEKS

Italy was having trouble of a grave nature today at home and among troops in the war with the Greeks.

An unconfirmed report reaching the Daily Herald said that soldiers in the field were being executed in large numbers in the presence of other troops to enforce discipline. Desertions from the Italian army are said to be numerous.

The retreat of Italian troops and their defeat by the Greeks indicate that Mussolini's troops are not wholeheartedly in the war.

Riots broke out in many sections of Italy and while they were described as of a minor nature great import is attached to them because they may indicate bad morale in the nation.

It is known that the Italian people had no quarrel with France nor with Greece and these riots together with desertions may indicate the beginning of wide spread revolt in Italy.

The Greeks continued to push on and the Italians are in full flight.

The Daily Herald had news of a naval battle in the Mediterranean between the Italian and British navies. The Italians ran away and hit for home. Details were not forthcoming.

The British Royal Air Force conducted one of its most extensive raids of the entire war with destruction over a wide area in Germany and French air ports.

Sixty-four persons said to be followers of King Carol in Rumania were executed today.

YOEMEN VS. PANTHERS AT CAMERON AT 8 TO-NIGHT

Thousands today greeted the rising sun with a shout of joy, not only because it brings relief from the rains and floods but because it indicates a good playing field tonight when the Yoemen take on the Rosebud Black Panthers in their final game of the season.

It will be the last game for both teams and on both sides boys are playing their last time under school colors.

With a brisk north wind the night was expected to be ideal with the field slightly heavy from the recent rains, but sufficiently dry to insure plenty of action and thrills in this annual hard fought game.

Cameron planned to be on hand in full numbers to give the visitors from Rosebud a good welcome and to cheer the Yoemen along in what many have said is the most desirable triumph of the year.

If the Yoemen win it will be the first time in three years. So we have the jinx on top of that. Rose-

bud has had a long established habit of knocking off the Yoemen. Two touchdown better teams have many times failed miserably to overcome the Black Panthers.

When the Yoemen take the field tonight it is to face a difficult foe. If taken lightly the Yoemen are in for a hard battle. If fully realized the task can be terminated successfully. Much will depend on the spirit and determination of both sides to say nothing of a field that may not be conducive to passing or to fast play.

Indications were Rosebud will bring a large crowd. Three Cameron Cafes have been reserved, it was said here Wednesday.

The game postponed from Nov. 22nd on account of rain will be played tonight regardless of weather conditions.

Rosebud schools are observing November 28th for Thanksgiving while Cameron schools will also give a holiday in addition to November 21st.

Crew of Destroyer Cameron Will Get Gift Box From Cameron Through Rotary Club Here

The Crew of the Destroyer, Cameron, one among 50 sold to the British Government by the United States, will be sponsored by the Cameron Rotary Club.

The Foreign Relations Committee of which Earl Johnson is Chairman, was given the responsibility on Saturday night when President P. W. Davis, held a meeting of the Aims and Object Committee.

This action grew out of receipt of a letter from the English Speaking Union acknowledging the historic reference to the city of Cameron recently when Mayor Chas. C. Smith received a cable from the Scottish Clan of Cameron in Edinburgh, appraising the city of the naming of the destroyer.

The people of Cameron will be invited to join with the Rotary Club. A great gift box filled with much to eat and presents will be sent to the officers and members of the crew in the hope it may reach them by Christmas. The gifts will be assembled at the Coca-Cola Bottling Company. It was especially desired that pecans be donated to give the Britishers a taste of this famous Texas nut.

All who wish to join in this movement with the Rotary Club should contact Earl Johnson at once. Other members of the committee are J. P. Love and Sam Kestenbaum.

The City of Cameron was named for Captain Even Cameron, Edinburgh, Scotland. He was a hero of the Texas revolution. When the destroyers reached British bases

they were named in honor of American cities and one was to honor the City of Cameron.

President Davis of the Rotary Club was pleased with the prospect of sending a cheer box to members of the crew aboard the destroyer and with it greetings from the city. The City government will be asked to participate.

Seven and Half Inches Rain Falls In Cameron During Last 72 Hours.

Approximately seven and one half inches of rain had fallen in Cameron up to noon Monday, the heaviest precipitation in recent years.

Little River at flood stage and over highway 35 one mile east of the city was not due to reach its peak until sometime Tuesday.

Heavy rains on the watershed of the Leon and Lampasas Rivers in Bell County and the San Gabriel in Milam and Williamson counties, would bring Little River another flood tide.

R. A. Tag, local observer, said that on Friday 2.9 fell and the fall on Saturday was 2.81. On Sunday and up to 7 a. m. Monday the fall was 1.24.

No report had been received of the fall up to noon. Heavy showers fell over the 3 hour period not accounted for.

Myrtle Stidham of Texas University is spending several days here with her parents.

CHRISTIAN SCIENCE SERVICES

"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, December 1.

The Golden Text is: "Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else" (Isaiah 45:22.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Put on the whole armour of God, that ye may be able to stand against the wiles of the devil. For we wrestle not against flesh and blood, but against principalities, against powers, against the rules of the darkness of this world, against spiritual wickedness in high places" (Ephesians 6:11, 12.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christians must take up arms against error at home and abroad. They must grapple with sin in themselves and in others, and continue this warfare until they have finished their course. If they keep the faith, they will have the crown of rejoicing" (page 29.)

WAR DRAGS ALONG AS GREEKS BLAST ITALIANS

War in the air was renewed with great intensity as England struck new blows at invasion bases along the French held coast.

From London an early dispatch said that the RAF had blasted new invasion concentrations. The British believed that an invasion was under way through Ireland.

In Berlin it was announced that no more signatures would be asked now to the Axis set up. The latest was Slovakia, part of the illfated Czechoslovakian republic blotted out by Hitler after he had pledged no more territorial claims following Munich.

The Greeks were pushing the Italians hard across Albania and

with British help three more towns had fallen to the Greek army.

Western England was bombed again and industrial losses were heavy according to Berlin.

Traffic Light Is Installed By City

The traffic light at the intersection of Travis and on Highway 77 near the Plentl filling station, was installed by the City of Cameron and not the Highway Department as reported in the Herald, November 22nd.

The City is making a record with public improvements as the street paving program will prove. The traffic light is one of many needed in the city and the Council may be relied upon to supply all these requirements in time.

In Cameron its always the Herald.

The Westward Course of the Empire—they anted LAND...

Cramped quarters were not for the men who won our country. The crowding of the East drove them toward the West, where a man could breathe—it was the LAND that they wanted! This spirit of adventure that drove the pioneers to the unexplored and perilous West is the same spirit that later spurred men on to make America a power in the affairs of the world—but LAND was what they needed first!

LAND IS WEALTH

You need LAND for that feeling of solid security, land that you know is yours, will always be yours! Invest your savings in land and you'll know that your investment is safe, always! In this region there is ample opportunity for profitable investment.

GREEKS TAKE KORITZA WITH ITALIANS FLEEING

An already tense situation in the Balkans became more acute today as Turkey notified the Bulgarian government at Sofia that any attempt on the part of Bulgaria to molest Greece would bring the Ottoman Empire into war on the side of the Greeks.

Simultaneously with this ultimatum the Turks notified the governments of Hitler and Mussolini that war would be inevitable if their position is threatened in any way.

It was believed that Turkey may have reached a secret understanding with Russia or having found the Soviets fickle, determined to stand her ground no matter what the consequences may be.

Bulgaria was believed to be ready for a territorial demand on Greece and with Hungary and Rumania in the Axis bag might feel free to make war where there was no danger of the consequences.

The old world capitals awaited with apprehension the effect of the Turk announcement.

Described as the worst Italian defeat since Adowa in Africa the Greeks were in possession of Koritza, key Albanian city and the Italian armies were in full flight, said a noon dispatch.

Indications were the Greeks may be advancing too rapidly and may fall into a trap, but for the time they were having a hard time catching the fast running Italian army.

There was little to report in the air war between England and Germany.

MISS SEALE AND MR. WATSON WED IN CANDLELIGHT CEREMONY

Taylor, Nov. 23.—In a candlelight ceremony at the First Presbyterian church Saturday at 7:30 p. m., Miss Dorothy Mae Seale, daughter of Mr. and Mrs. Elmer J. Seale of Bartlett, and Paul Watson, son of Judge and Mrs. John Watson of Cameron, were married with the Rev. A. B. Byers, pastor of the church, officiating.

The church was decorated in baskets of white chrysanthemums, and floor candelabra on either side of the altar held tall white candles giving the only light for the ceremony.

Prior to the ceremony, Mrs. Carl Hancock at the organ played a program of music including "Liebestraum" by Liszt, Schubert's "Serenade" and "Ave Maria" and also accompanied Mrs. W. E. Kutzschbach, who sang "Ah, Sweet Mystery of Life." Mrs. Hancock also played the traditional wedding marches for the processional and recessional, and during the ceremony played softly "Oh Promise Me."

Wear Rust and Gold

Miss Marguerite Hendricks, maid of honor, wore rust and gold taffeta of the exact color and carried gold chrysanthemums. Her dress was floor length with sweetheart neck, shirring down the front of the waist, short full sleeves and very full skirt. She wore a rust taffeta turban.

Mrs. Max Hoppe of Austin and Miss Annie Mae Seale of Bartlett, cousin of the bride, were bridesmaids

and wore dresses exactly like that of the maid of honor except that their dress was gold and their arm bouquets of chrysanthemums were bronze.

The bride, who was given in marriage by her father, wore white slipper satin with the bodice fitted and with a sweetheart neckline and long full sleeves. Tiny buttons fastened the back of the dress and the full skirt fell in a long oval train. Her veil of illusion was fingertip length and was fastened at the head with a wreath of orange blossoms and seed pearls and with a pleated tulle halo. Her flowers were a cascade of gardenias and stephanotis.

The men of the wedding party wore boutonnieres of split white carnations. Bassett Watson of Denson was best man for his brother, while the ushers were John Watson of Houston, another brother, Sherman Kennedy and Robert Hughes.

Reception Held

Following the ceremony a reception was held at the home of Mrs. R. J. Eckhardt. The reception rooms were decorated in bronze and white chrysanthemums, and the lace-covered refreshment table was centered with a bowl of white chrysanthemums.

On one end of the table were the two wedding cakes, shaped like wedding bells with "Dot" on the one and "Paul" on the other. Tall white candles in twin crystal candelabra lighted the table. Mrs. John Baldwin of Conroe, sister of the bride groom, served the cake, and Mrs. E. G. Ford

of Graner poured coffee. Mrs. Alton Mann, cousin of the bride presided at the guest book. Receiving with the bride and bride groom were their mothers, Mrs. John Watson of Cameron and Ms. Elmer J. Seale of Bartlett, and the three bridesmaids and maid of honor.

Home in Taylor

Late in the evening the couple left for an unannounced wedding trip, the bride wearing green velvet dress made princess, and her flowers were white gardenias. Mrs. Watson is a graduate of the Bartlett high school and has been connected with the Texas Power and Light company of Taylor in the district office in Taylor.

Mr. Watson is a graduate of Yoe high school of Cameron and attended the University of Texas. He is chief clerk for the Texas Power & Light Company of Taylor. They will be at home at 719 Porter street on their return from their wedding trip.—Taylor Press.

Barometer Falling Indicates Cold Wave Due Here Tonight

Joe G. Matula of the local postal service, is to be thanked for contributing a bit of interesting and hopeful information regarding the weather.

The barometer was falling fast, said Mr. Matula. The reading was 29.80 a fall of 25 points during the night, indicating a cold wave.

Mr. Matula said: "The rain was caused by a mild high pressure area on last Friday becoming stagnated due to gulf warm currents of moist air mixing. The rain will cease when a strong high pressure moves in and which is now indicated by the

falling barometer. The strong high pressure should occur within the next 24 to 36 hours.

(a message especially for mothers)

Yes Sir,
he's "tops"!

... and his welfare is an important responsibility.

Children live in a different world

Children spend a great deal of time on the floor at temperature levels far below those at the "breathing line" of adults.

Because heat rises, room temperatures at floor levels are 5 to 10 degrees COOLER than at heights of five or six feet, depending upon the manner in which your home is heated.

Don't give a cold an even break! See to it that temperatures at floor level are healthfully comfortable for your children during the winter season.

THIS is not an ordinary advertisement.

It offers neither goods nor merchandise for sale.

Its purpose is to remind you of the added obligation of parents during the winter season. At the same time we are ever mindful of our own responsibility in keeping your gas service dependable so that you may have the protection of adequate heat to safeguard your family's health.

You see, we too, have children.

We know of the anxious hours in every mother's life when illness threatens those she loves. We have watched with alarm a child's mounting fever of serious illness that started as a simple, common cold. With sleepless, fear-filled eyes we've watched through the night into the sunrise of a new day—as across our worried mind flashed that grim published warning—one death every four minutes from pneumonia! It was then that "prevention is the best remedy" impressed us with its full significance. It was then we recognized the vital importance of guarding against the simple, common cold.

Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI.

Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodic distress. Women have used CARDUI for over 50 years.

Traffic Light For Highway 77 Installed

A belated aid to traffic was in operation today as the Highway Department installed a signal light at the intersection of Travis near the Gus Plentl Service Station.

For some time these lights have been badly needed for safety. Now that the street paving program is under way another light at the park intersection of Highway 77 is vitally necessary.

Cameron has been slow to gain recognition for better traffic equipment regulations while other towns, smaller, have had these benefits for a long time.

R. L. Batte Reports Livestock Losses

R. L. Batte, veteran in the battle against high tides in Little River bottom, told the Daily Herald this morning he had sustained a loss in livestock due to the rapidly rising stream on Sunday.

In major part his vast herds were safe but some of the cattle were trapped by the stream. Mr. Batte declined to make a statement covering the loss because he had not at

the time he was contacted, made a thorough check up. Mr. Batte said that the major part of his herds were safe.

Mr. Batte believes that the river will not reach a flood stage as high as on occasions in recent years and was optimistic over the standstill of the Leon in Bell county. Mr. Batte, due to long years experience is an authority on floods and flood conditions.

Governor O'Daniel In Appeal to Local Red Cross Chairman Today

Governor W. Lee O'Daniel early Saturday sent a telegram to Ray O'Neill, Red Cross Roll Call Chairman for Milam County, urging immediate resumption of the canvas for membership and linking the call with National Defense.

Here is the Governor's telegram to Mr. O'Neill:

"Your Chapter's success in present Red Cross Roll Call will be definite contribution to National Defense and will reflect our national solidarity in this crucial period. A great, active membership in Texas is essential. Please carry on until the membership invitation in Red Cross is extended to every adult citizen."

Due to many causes the canvas in the city of Cameron has fallen short of expectations. Many business houses have not yet been canvassed

and workers are urged to complete this work at once.

The Daily Herald learned Saturday that many are complaining because committees have not yet reached their places of business to give opportunity for enrollment.

In view of this emergency as outlined by Governor O'Daniel the committees here and over the county will undoubtedly begin at once a thorough canvas.

HITLER WILL RESCUE ITALIANS FROM GREEKS

Adolph Hitler was represented in Berlin news releases Saturday morning as determined to rescue Mussolini and the Italian army from the Greeks.

In Berlin it was said that Germany could not stand further humiliation of the Axis military prestige.

This was taken to indicate that Greece is soon to experience the fate of Finland. When Soviet Russia found the Finns hard to take, Germany took over the Soviet army and succeeded.

Immediate war on little Greece was expected from Berlin.

Germany announced early Saturday that Spain, Bulgaria and Yugoslavia will come formally into the military alliance of the Axis powers Sunday and Monday. The first to sign will be Spain and the other small countries will follow.

This will complete the conquest of the Balkans. It is something de-

fenders of Democratic ideology said could not be done. Red Russia, they said would step in. The truth is now apparent. Red Russia is aiding and abetting the conquest by Hitler.

Turkey was standing temporarily alone and reported to be mobilizing her armies. Deserted she must either fight or come into the Axis.

It was believed that Turkey would not wage war against Germany but would submit and lose her valuable strategic position in the Dardanelles.

Hitler is on the march again and British war efforts were as they have been since the beginning, too little and too late.

What aid Britain is giving to Greece was not plain. True the Greeks seem to be doing well on their own account but remotely there is no hope for the little country.

When Spain is in the Hitler bag the big movement will be on against the British with war at Gibraltar and at Suez. Quick work will be made of the war when the Germans begin their march through the small countries. With ineffective British opposition in the Mediterranean and in Africa there was little hope the British could ward off the inevitable.

Unless the French are able to rally their colonial resources in revolt against the government of Vichy there was no hope for the British.

In Washington the statement of Roosevelt was puzzling. Now that the election is over the administration does not appear to be concerned over the world situation. National defense was being hampered by strikes and further aid to Britain seemed in the balance as the President declined to make any comment on the amount of aid proposed.

Royal Air Force bombing planes were devastating wide sections of Germany so the British claim. The Germans deny this and say that their bombers are responsible for another devastating attack on London and Birmingham, important industrial center of the Isles.

SUSPENDED SENTENCE RECOMMENDED BY JURY

From Friday's Daily

Mrs. Flossie Cunningham, 36 year old mother, was convicted of the murder of her husband, O. J. Cunningham, in District Court here today but gained her freedom when the jury recommended a suspended sentence.

The conviction was widely interpreted as a signal victory for Criminal District Attorney, W. A. (Bill) Morrison who closed the argument for the state in a forceful presentation of the case shortly after 9 p. m. Thursday.

Attorneys for the defense, Camp & Camp, found the verdict readily acceptable.

Mrs. Cunningham received the verdict with evident appreciation and thanked the jurors for their consideration of her case.

A late development in the case Thursday was a letter submitted in evidence by District Attorney Morrison, written by the defendant to her husband. This letter was introduced to show that Mrs. Cunningham's claim of disturbance over what she believed to be the loss of her child, was not primarily the cause of the shooting.

Mrs. Cunningham wrote, accusing her husband of infidelity and affection for another woman and in the letter expressed no dissatisfaction over his custody of the child.

The letter was regarded as a bombshell and was exploded at a moment propitious for effect by the District Attorney.

In dramatically tense atmosphere with a final, forceful appeal for conviction from Criminal District Attorney, W. A. (Bill) Morrison, the case of Mrs. Flossie Cunningham vs. The State of Texas went to the jury for consideration around 9:30 p. m. Thursday after four days in which a crowded court room heard in great detail testimony surrounding the murder.

Mrs. Cunningham, under indictment of a Grand Jury in District Court here, was tried for the murder of her husband, O. J. Cunningham on October 3, 1940. Cunningham died in a local hospital around 10 p. m. October 3, from a gunshot wound inflicted by Mrs. Cunningham in a Rockdale grocery store.

Opening the argument late Thursday was Emory B. Camp, former Criminal District Attorney who gave the proceedings a characteristic eloquent touch as he recited the plight of a lonely mother, driven to desperation over what she believed to be the loss of her child. The defense had amassed much evidence to support their case.

Mrs. Cunningham said she shot her husband as he attacked her in the grocery. Previously they had agreed to a separation and he was to have custody of the child for part time and she was to have the baby boy at night.

Shortly before she shot her husband, Cunningham left their home with the child and she believed it was the last time she would ever see her baby. She armed herself and went down town. In the grocery she sought to grab the child and spirit it away from her husband. She testified that when she sought to pick up the baby he came at her with the top of a large coffee urn. She said she fired a shot but did not remember much about what happened thereafter. She regained her senses minutes later in an ice house where she held the baby tightly in her arms.

Speaking in behalf of the defense was the veteran E. A. Camp, senior member of the law firm of Camp & Camp. In his address Mr. Camp followed much the same line of argument as Emory B. Camp and much was made of the hardships of Mrs. Cunningham who calmly revealed to the jury all the marital difficulties she had undergone with beatings and threats of death.

Closing for the State Mr. Morrison made a masterful switch away in the psychological appeal of the defense and presented the state's case in logical sequence of facts adduced through witnesses he had placed on the stand.

The jury filed out of the box around 9:30 p. m. weary after four days of dramatic scenes.

Wide interest in the case brought hundreds to the court room. A day by day report of the progress of the trial was made by the Daily Herald.

Much time was consumed late Thursday over agreements on the charge to the jury. Defense attorneys during testimony continued to ask for mistrial alleging misconduct on the part of the District Attorney.

Tears were sprinkled along in the

proceedings as the story was told and the sentimental implications of a mother and her baby tugged at the heartstrings of spectators and attorneys as well.

At 11 a. m. the jury was still out and there was of course no indications of what may have transpired in the jury room.

"It further appearing to the Court that there has been no change in the boundaries of said Road District No. 22 since it was established by the above mentioned order of this Court, dated March 13, 1919, and that said road district now exists as established, and as defined and described by metes and bounds, in said former order of this Court; and

"It appearing to the Court that said petition is signed by a majority of the resident property taxpaying voters of said Road District No. 22 of Milam County, Texas, who own taxable property in said road district and have duly rendered the same for taxation, and that said petition is otherwise in conformity with law; and

"It further appearing to the Court that the amount of bonds prayed for in the above mentioned petition will not exceed one-fourth of the assessed valuation of the real property of said Road District No. 22 of Milam County, Texas, and that there is no reason why an election in said road district, as prayed for in said petition, should not be ordered and held, and no reason why bonds of said road district, if duly authorized at such election, should not be issued for the purpose mentioned in said petition; and

"The Court having proceeded with the hearing of the above mentioned petition, and all contentions for and protests against the ordering of such road bond election having been duly considered; and

"It appearing to the court at such hearing, and after due consideration of needed improvements of roads in said road district, that the proceeds of the sale of such road district bonds, if issued, should be applied to the improvement of the following roads, and portions of roads, within said road district, to-wit:

"(1) A portion of what is known as the Main Briary Road, beginning at the N. E. corner of the W. J.

Smilie Farm and running with said Main Briary Road to the N. W. corner of the Mat Pierson Farm.

"(2) A portion of the Briary and Baileyville Road, beginning at the intersection of said road with the road known as the Main Briary Road and running East with said Briary and Baileyville Road to the line between said Road District No. 22 and Road District No. 23 of Milam County, Texas, such line being the East line of said Road District No. 22; and

"It further appearing to the Court, at this hearing, that the proposed improvements within said road district would be for the benefit of all taxable property situated in said road district:

"It is, therefore, considered, ordered and directed by the Court that an election be held within and for said Road District No. 22 of Milam County, Texas, on the 21st day of December, 1940, which date is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District No. 22 of Milam County, Texas, shall be issued in the amount of Five Thousand Five Hundred (\$5,500.00) Dollars, in such denominations, and to mature at such time or times, not later than thirty years from their date, as may be deemed most expedient by this, the Commissioners' Court of Milam County, Texas, and to bear interest at the rate of 4 per cent per annum, the proceeds of the sale of such bonds, if issued, to be used for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes in said Road District No. 22, of Milam County, Texas, or in aid thereof, such improvements to be of and upon the roads, and portions of roads, hereinabove described and defined; and whether or not taxes shall be levied on all taxable property within said Road District No. 22 of Milam County, Texas, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

"Said election shall be held under the provisions of Chapter 16 of the General Laws of the First Called Session of the 39th Legislature of the State of Texas, passed in the year 1926, and of Section 1 of Chapter 92 of The General Laws of the First Called Session of the 40th Legislature of said State, passed in the year 1927, and of Section 1 of Chapter 74 of the General Laws of the Second Called Session of the 41st Legislature of said State, passed in the year 1929.

"Only resident qualified property taxpaying voters of said Road District No. 22 of Milam County, Texas, who own taxable property in said Road District and whose taxable property in said Road District has been duly rendered for taxation, shall be entitled to vote in said election.

"The ballots for said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

"AGAINST THE ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

"Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote.

"The polling place and presiding officer of said election shall be, respectively, as follows:

"At the Briary Public School House for Whites, in said road district, with Ross Bozeman presiding officer.

"The manner of holding said election and canvassing and making returns thereof, shall be governed by the General Laws of the State of Texas, regulating general elections, when not in conflict with the provisions of Chapter 16 of the General Laws of the First Called Session of the 39th Legislature of the State of Texas, passed in the year 1926.
